Balance Computation Method

The daily balance method is used to calculate the interest on your account. Interest is calculated for each day by multiplying the balance of the principal in the account that day times the daily periodic rate based on the interest rate in effect at that time.

Accrual of Interest on Non-Cash Deposits

Interest begins to accrue on the business day that we receive your deposit of non-cash items (for example, checks).

Early Withdrawal Penalties

We will impose an early withdrawal penalty on withdrawals made before the maturity date of the CD. For early withdrawals made within 6 days of the deposit a minimum of 7 days interest will be charged. For a CD with an original term of one year or less, the penalty will be equal to the amount of interest that would have been earned for a 90-day period on the principal balance of the account if funds had not been withdrawn prior to the maturity date. For a CD with an original term greater than one year, the penalty will be equal to the amount of interest that would have been earned for a 180-day period on the principal balance of the account if funds had not been withdrawn prior to the maturity date. Early withdrawal penalties may be waived in the event of death or legal incompetence of any of the Account Holders, as shown on the Bank's records.

Withdrawal of Interest Prior to Maturity

In order to earn the annual percentage yield, interest must remain in the account until the stated maturity date.

The disclosed annual percentage yield assumes interest will remain on deposit until maturity. A withdrawal will reduce earnings.

Renewal Policies

Your account will automatically renew at maturity for an additional term equal to the original term, with unlimited renewals. You will have a grace period of 10 calendar days from the maturity date to withdraw the funds in the account without being charged an early withdrawal penalty. The interest rate and annual percentage yield for any renewal term will be the rate we are offering at the time of renewal for a new CD of the same term.

Transaction Limitations

You may not make any deposits into your account before maturity. You may make withdrawals of principal from your account before maturity only if we agree at the time you request the withdrawal. Principal withdrawn before maturity is included in the amount subject to early withdrawal penalty. You can only withdraw interest credited in the term before maturity of that term without penalty. You can withdraw interest any time during the term of crediting after it is credited to your account. As authorized by Federal law, we reserve the right at any time to require not less than 7-days notice in writing before each withdrawal from this account.

Funds Availability Policy

This policy statement applies to "transaction" accounts. Transaction accounts, in general, are accounts that permit an unlimited number of payments to third persons and an unlimited number of telephone and preauthorized transfers to other accounts of yours with us.

Checking accounts are the most common transaction accounts. Feel free to ask us whether any of your other accounts might also be affected by this policy. Our policy is to make funds from your check deposits available to you on the first business day after the day we receive your deposit. Electronic direct deposits will be available on the day we receive the deposit. Once the funds are available, you can withdraw them. We will use the funds to pay checks that you have written. Please remember that even after we have made funds available to you, and you have withdrawn the funds, you are still responsible for checks that you deposit that are returned to us unpaid and for any other problems involving your deposit. For determining the availability of your deposits, every day is a business day, except Saturdays, Sundays, and federal holidays. If we receive a deposit before 2:00 p.m. (local Mountain time) on a business day that we are open, we will consider that day to be the day of your deposit. However, if we receive a deposit after 2:00 p.m. (local Mountain Time) or on a day we are not open, we will consider that the deposit was made on the next business day that we are open.

If we accept for deposit a check that is drawn on another bank, we may make funds from the deposit available for withdrawal immediately. We may cash a check or make a check deposit available immediately if you have funds to cover that check in any of your accounts with us. If we do, we will hold those funds (equal to the amount of the check) in your account(s) according to the timelines described elsewhere in this policy.

The funds in the other account would then not be available for withdrawal until the time periods that are described elsewhere in this disclosure for the type of check that you deposited.

LONGER DELAYS MAY APPLY

Case-by-case delays

In some cases, we will not make all of the funds that you deposit by check available to you on the first business day after the day we receive your deposit. Depending on the type of check that you deposit, funds may not be available until the 2nd business day after the day we receive your deposit. The first \$200 of your deposits, however, may be available on the first business day. If we are not going to make all of the funds from your deposit available on the first business day, we will notify you when we receive your deposit. We will also tell you when the funds will be available. We will mail you the notice by the day after we receive your deposit. If you will need the funds from a deposit right away, you should ask us when the funds will be available.

Safeguard exceptions

In addition, funds you deposit by check may be delayed for a longer period under the following circumstances:

1. We believe a check you deposit will not be paid.
2. You deposit checks totaling more than \$5,000 on any one day.
3. You redeposit a check that has been returned unpaid.
4. You have overdrawn your account repeatedly in the last six months.
5. There is an emergency, such as failure of computer or communications equipment.

We will notify you if we delay your ability to withdraw funds for any of these reasons, and we will tell you when the funds will be available. They will generally be available no later than the seventh business day after the day we receive your deposit.

Checking Endorsement Standards for Consumer Accounts. Your compliance with our endorsement standards is necessary to help assure that the checks you deposit will be cleared on a timely basis. Our endorsement standards are:

- Customer endorsements must be placed in the 1 inch area starting at the left side of the check.
- The remaining area of the check cannot contain any preprinted, stamped or handwritten customer information.

SPECIAL RULES FOR NEW ACCOUNTS

If you are a new customer, the following special rules will apply during the first 30 days your account is open.

1. Funds from electronic direct deposits to your account will be available on the day we receive the deposit.

Funds from wire transfers, and the first \$5,000 of a day's total deposits of cashier's, certified, teller's, traveler's, and federal, state and local government checks will be available on the first business day after the day we receive your deposit if the deposit meets certain conditions. For example, the checks must be payable to you. The excess over \$5,000 will be available on the ninth business day after the day we receive your deposit. Funds from all other check deposits will be available on the seventh business day after the day we receive your deposit.

SUBSTITUTE CHECK (Check 21) POLICY DISCLOSURE

Substitute Checks and Your Rights

What is a Substitute Check?

To make check processing faster, federal law permits credit unions and banks to replace original checks with "substitute checks". These checks are similar in size to original checks with a slightly reduced image of the front and back of the original check. The front of a substitute check states: "This is a legal copy of your check. You can use it the same way you would use the original check." You may use a substitute check as proof of payment just like the original check.

Some or all of the checks that you receive with your account statement may be substitute checks. This notice describes rights you have when you receive substitute checks from us. The rights in this notice do not apply to original checks or to electronic debits to your account. However you have rights under other law with respect to those transactions.

What are my rights regarding substitute checks?

In certain cases, federal law provides a special procedure that allows you to request a refund for losses you suffer if a substitute check is posted to your account (for example, if you think that we withdrew the wrong amount from your account or that we withdrew money from your account more than once for the same check). The losses you may attempt to recover under this procedure may include the amount that was withdrawn from your account and fees that were charged as a result of the withdrawal (for example, bounced check fees).

The amount of your refund under this procedure is limited to the amount of your loss or the amount of the substitute check, whichever is less. You also are entitled to interest on the amount of your refund if your account is an interest-bearing account. If your loss exceeds the amount of the substitute check, you may be able to recover additional amounts under other law.

If you use this procedure, you may receive up to \$2,500 of your refund (plus interest if your account earns interest) within 10 business days after we received your claim and the remainder of

your refund (plus interest if your account earns interest) not later than 45 calendar days after we received your claim.

We may reverse the refund (including any interest on the refund) if we later are able to demonstrate that the substitute check was correctly posted to your account.

How do I make a claim for a refund?

If you believe that you have suffered a loss relating to a substitute check that you received and that was posted to your account, please contact us at: Proficio Bank, Attn Deposit Operations 6985 Union Park Center, Suite 150 Cottonwood Heights, UT 84047 (866)404-4111. You must contact us within 40 calendar days of the date that we mailed (or otherwise delivered by a means to which you agreed) the substitute check in question or the account statement showing that the substitute check was posted to your account, whichever is later. We will extend this time period if you were not able to make a timely claim because of extraordinary circumstances.

Your claim must include--

- A description of why you have suffered a loss (for example, you think the amount withdrawn was incorrect);
- An estimate of the amount of your loss;
- An explanation of why the substitute check you received is insufficient to confirm that you suffered a loss; and
- A copy of the Substitute Check

1. if, through no fault of ours, you do not have enough money in your Account to make the transfer;
2. if the funds in your Account were attached or the transfer cannot be made because of legal restrictions affecting your Account;
3. if the systems were not working properly and you knew about the breakdown when you started the transfer;
4. if circumstances beyond our control such as interruption of telephone service or telecommunication facilities, or natural disaster (such as a fire or flood) prevent the transfer, despite reasonable precautions that we have taken;
5. if you have not provided us with complete and correct payment information, including without limitation the name, address, account number and payment amount for the pay on a bill payment;
6. if you have not properly followed the instructions for using our Agreement with you;
7. if your operating system or software was not properly installed or functioning properly; or
8. there may be other exceptions stated in our Agreement with you.

Our sole responsibility for an error in a transfer will be to correct the error, but in no case will we be liable for any indirect, special, incidental or consequential damages. In states which do not allow the exclusion or limitation of liability for indirect, special, incidental or consequential damages, our liability is limited to the extent permitted by applicable law.

We will disclose information to third parties about your account or the transfers you make only as follows:

1. where it is necessary for completing transfers; or

Liability of consumer for unauthorized transfers.

(a) Conditions for liability. A consumer may be held liable, within the limitations described in paragraph (b) of this section, for an unauthorized electronic fund transfer involving the consumer's account only if the financial institution has provided the disclosures required by Sec. 205.7(b)(1), (2), and (3). If the unauthorized transfer involved an access device, it must be an accepted access device and the financial institution must have provided a means to identify the consumer to whom it was issued.

(b) Limitations on amount of liability. A consumer's liability for an unauthorized electronic fund transfer or a series of related unauthorized transfers shall be determined as follows:

(1) *Timely notice given.* If the consumer notifies the financial institution within two business days after learning of the loss or theft of the access device, the consumer's liability shall not exceed the lesser of \$50 or the amount of unauthorized transfers that occur before notice to the financial institution.

(2) *Timely notice not given.* If the consumer fails to notify the financial institution within two business days after learning of the loss or theft of the access device, the consumer's liability shall not exceed the lesser of \$500 or the sum of:

(i) \$50 or the amount of unauthorized transfers that occur within the two business days, whichever is less; and

(ii) The amount of unauthorized transfers that occur after the close of two business days and before notice to the institution provided the institution establishes that these transfers would not have occurred had the consumer notified the institution within that two-day period.

(3) *Periodic statement; timely notice not given.* A consumer must report an unauthorized electronic fund transfer that appears on a periodic statement within 60 days of the financial institution's transmittal of the statement to avoid liability for subsequent transfers. If the consumer fails to do so, the consumer's liability shall not exceed the amount of the unauthorized transfers that occur after the close of the 60 days and before notice to the institution, and that the institution establishes would not have occurred had the consumer notified the institution within the 60-day period. When an access device is involved in the unauthorized transfer, the consumer may be liable for other amounts set forth in paragraphs (b)(1) or (b)(2) of this section, as applicable.

(4) *Extension of time limits.* If the consumer's delay in notifying the financial institution was due to extenuating circumstances, the institution shall extend the times specified above to a reasonable period.

(5) *Notice to financial institution.* (i) Notice to a financial institution is given when a consumer takes steps reasonably necessary to provide the institution with the pertinent information, whether or not a particular employee or agent of the institution actually receives the information.

(ii) The consumer may notify the institution in person, by telephone, or in writing.

(iii) Written notice is considered given at the time the consumer mails the notice or delivers it for transmission to the institution by any other usual means. Notice may be considered constructively given when the institution becomes aware of circumstances leading to the reasonable belief that an unauthorized transfer to or from the consumer's account has been or may be made.

(6) *Liability under state law or agreement.* If state law or an agreement between the consumer and the financial institution imposes less liability than is provided by this section, the consumer's liability shall not exceed the amount imposed under the state law or agreement.
